

KRISHAV SHARMA

MBA – Business Analytics & Operations | B.Tech – Computer Science Engineering

+91 6239875616 | sharmakrishav26@gmail.com | LinkedIn | Portfolio: krishavsh.netlify.app

PROFESSIONAL SUMMARY

MBA graduate in Business Analytics & Operations with a B.Tech in Computer Science Engineering and hands-on experience in data analysis, risk assessment, vendor performance, and sales analytics. Proficient in SQL, Python, Excel, and Power BI, with experience in data cleaning, statistical analysis, dashboard development, and translating data into business insights.

TECHNICAL SKILLS

- **Analytics:** Data Analysis, Data Cleaning, Exploratory Data Analysis, Correlation & Regression Analysis, Risk Assessment
- **Tools:** SQL, Python, Excel, Power BI, Pandas, Matplotlib, Jupyter Notebook
- **Business:** Vendor Performance Analysis, KPI Reporting, Dashboard Development, Sales Performance Analysis, Operations Analysis

EDUCATION

Degree	Institute / University	CGPA	Year
MBA	IILM University	7.6/10	2026
B.Tech – Computer Science Engineering	Manav Rachna University	7.8/10	2022

EXPERIENCE

Business Analytics | HCL Oct 2024 – Dec 2025

- Performed risk assessment analysis on aerospace operational data using Excel-based analytical techniques.
- Cleaned and organized raw datasets to improve data accuracy and reporting efficiency.
- Conducted correlation and regression analysis to identify key risk-impact relationships.
- Evaluated risk severity, probability, and mitigation strategies to support decision-making.
- Developed interactive dashboards and reports to monitor project risks and performance trends.

Sales & Marketing Intern | Mozo Hunt May 2025 – Jul 2025

- Developed and structured sales datasets to support vendor performance and profit-margin analysis.
- Performed data cleaning, transformation, and exploratory analysis using SQL and Python (Pandas, Matplotlib) in Jupyter Notebook.
- Tracked sales performance and contributed to customer acquisition and brand-awareness activities.
- Explained product benefits, including multi-device access for up to five users per subscription.

Data Analyst | DUCAT Oct 2023 – Sep 2024

- Applied Python and SQL for data extraction, manipulation, and analysis.
- Created visualizations and reports to support data-driven decision-making.
- Performed data cleansing and managed databases to maintain data quality.
- Supported machine-learning projects, demonstrating analytical skills and attention to detail.

ACADEMIC PROJECTS

Vendor Performance Analysis Project

- Analyzed vendor performance data to assess supplier efficiency, quality standards, and delivery performance.
- Developed interactive Power BI dashboards to visualize vendor KPIs and performance trends.
- Performed data cleaning and analysis using Excel and Power BI to generate actionable business insights.
- Recommended performance-improvement strategies to support vendor selection and supply-chain decision-making.

Social Immersion Program – You Can Do Foundation & Rajeev Gandhi Foundation

- Participated in a one-month program, including a 13-day field visit, to interact with underprivileged students and assess educational and social challenges.
- Collected primary data through observation, interviews, and discussions; identified root causes affecting childhood education in underserved communities.
- Created and presented a report with actionable, sustainable solutions to foundation leadership.

CERTIFICATIONS

- Programming for Everybody (Getting Started with Python) | University of Michigan | Coursera
- SQL for Data Science | University of California, Davis | Coursera
- Data Wrangling, Analysis and A/B Testing with SQL | University of California, Davis | Coursera
- Basic Excel Training 2019 | Infosys Springboard

LEADERSHIP

- **General Secretary – Operations Club, IILM University:** Led planning and execution of events, workshops, and industrial visits to connect students with industry practices.
